PROTEUM

You are invited to attend our event
**IMO III - Regulations, Solutions
and Future Proofing**

The latest IMO and EPA standards bring new challenges to maritime design. This event is an opportunity to discover how these new regulations will affect the industry and learn more about the latest IMO III compliant electronic engines.

Date: Tuesday 06 November 2018

Location: Solent Conference Centre, The Spark,
Solent University, SO14 0YN

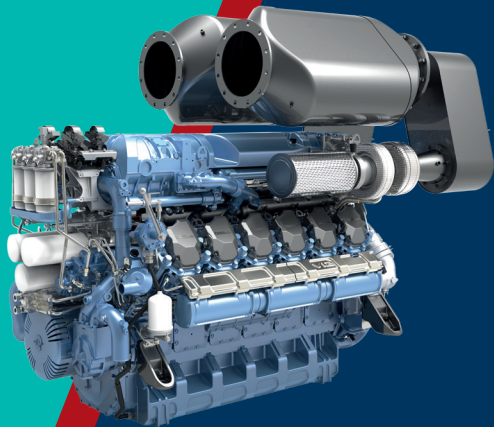

Time: 09:00-13:00 (lunch provided)

To book your place: www.proteum.co.uk/imo3

We hope to see you there!

(See reverse for speakers and agenda)

Baudouin

Proteum is part of

Speakers include:

Motonobu Tsuchiya
Principal Specialist for
IMO/IACS,
Lloyd's Register

Stephen Turnock CEng
FIMechE FRINA FHEA
Professor of Maritime
Fluid Dynamics,
University of Southampton

Sébastien Peyron
Research & Development
Director,
Moteurs Baudouin

Steve Austen CEng
FIMechE MRINA
Engineering Director,
SC Group

Agenda:

- 09.00 Coffee and registration
- 09.30 Motonobu Tsuchiya
The current air pollution challenges being faced by IMO
- 10.00 Sebastien Peyron
An introduction to an IMO III compliant engine
- 10.30 Break
- 11.00 Professor Stephen Turnock
Future fuels for the maritime industry
- 11.30 Panel Session - Chaired by Steve Austen
- 12.00 Lunch and networking
