

QUALITY MANAGEMENT SYSTEM

POLICY

OCCUPATIONAL HEALTH & SAFETY

As the CEO of SC Group Limited, I am committed to the implementation of measures which are designed to eliminate hazards and minimise risk where reasonably practicable. This commitment is for the Health and Safety of all employees, contractors, customers and members of the general public. The commitment is to ensure that our processes or products are safe and ensure we/they fulfil legal and other requirements.

Adequate resources will be provided, objectives set and results constantly monitored in our drive for safety improvements and enhancement of the OH&S Management system.

As part of our policy, we will endeavour to ensure that all personnel are properly trained and that as a minimum, adequate information and instruction is provided for all persons on site to enable them to undertake their responsibilities, with regards to OH&S.

The management for OH&S is vital for the requirements of this policy to be met and the Organisation will consult and encourage participation, at whatever level, to treat OH&S matters with equal importance as all other operational functions, such as production and quality.

The OH&S Policy Document will be kept up to date and all employees notified on any changes or additions. As a minimum this document will be reviewed as least once a year, or as legislation dictates, by the Health and Safety Committee.

Signed:  Nicholas Ames, CEO
